

Dear CenterPoint Church,

August has been an incredible month, just watching God move. Seeing the work He is doing just continues to blow me away. **All this is made possible through your partnership, so thank you!** This month we have felt the most support and gratitude from the parents for the work that we are doing with their teens. I love that, not only is God doing a work in the teens, but He is using our teens to work on their parents! God is up to something big in this neighborhood, and I am glad that we get to be a part of it.

This past month, we were blessed to go to high school camp, in which we combined some of our City Life teens with Comstock Campus Life. It was an amazing week as we saw God do a work in

two of our girls' lives, who accepted Jesus as their Lord at camp! Then the following week, we were blessed with a gift to take our teens shopping for back-to-school clothes. This was a huge blessing to the teens! They were shocked but very grateful, and some couldn't even wrap their minds around why this was happening to them. Lastly, one pretty cool thing that happened at with the City Life club was hearing kids say, "We have been blessed by gifts we need to give back." They decided to spend a Friday morning and afternoon serving at a carnival at a retirement home. It melts my heart hearing these kids want to serve and give back because of the blessing God has poured out on them through people like you guys who want to partner with us in the work that God is up to.

Please continue to pray for our group, which has grown over the last two weeks with four new teens! We have 21 teens and 6 leaders now; please pray as we continue to learn and grow to be more like Christ.

We are also praising God this month for a small group that has joined our ministry team. They want to provide and serve a meal once a month to our club! This is an amazing gift of food and a blessing to be able to provide a meal for our teens.
